### MEDIA RELEASE

#### **North Bay Taxpayers' Association announces new executive**

Miles Peters, the new president of the North Bay Taxpayers' Association, is pleased to announce the new executive for the Association following the Annual General Meeting held on November 17th, 2015.

Nine executive members were acclaimed and the members themselves agreed on the following roles: Gary Gardiner, vice president; Don Rennick, treasurer; Elizabeth Fournier, secretary; Catharine Hunter, membership secretary; Maurice Switzer, media relations and Mark King, past president. James Brien and Cheryl Whitesell are executive members at large.

The new members to the executive bring a wealth of practical business experience and fresh ideas.

The Association is very pleased that the Baylor study group have taken an interest in our City and we are looking forward to hearing some positive, constructive ideas for change coming forward.

The initiation of the City's Operational Review is another exciting opportunity and we welcome any of the recommendations that will increase efficiencies and ultimately result in cost savings.

The replacement of the CAO is an opportunity for fresh ideas which are always welcome in business and we expect will be welcome at City Hall as well. NBTA wishes Mr. Knox the best of luck in his upcoming retirement.
